

DNA vs RNA

DNA	Things in Common	RNA
<p>Structure:</p> <ul style="list-style-type: none">-# of Sides-Sugar-Base pair rules <p>Function:</p> <p>Location:</p>		<p>Structure:</p> <ul style="list-style-type: none">-# of Sides-Sugar-Base pair rules <p>Function:</p> <p>Location:</p>

Model of DNA

- Fill in the following terms on the DNA and RNA models – Use p.298 as a reference
 - Phosphate, Deoxyribose, Ribose, Nitrogen base, Hydrogen bonds
- Label the picture as a DNA and RNA
- Put a box around 1 nucleotide in each model and label it nucleotide
- Color each base and the sugars on DNA and RNA a different color

DNA

RNA
